

FROM THE HELL OF MY HEART

Words & music: Lasse Forsberg, Katrineholm, 3 July 2017. Hammarbyhöjden, 18 January 2025

From my windowless void
To your sunny shore
From my boarded-up hall
To your rock'n'roll store

I've been bad at this so long
Too long to fit into a song

*I love you and you love me
And all the dawn birds nod and agree
Yeah, I love you and you love me
And that's the way it always should be*

From the hell of my heart
To the bell on your door
From the fool on the hill
And for evermore
